a	No variety of the species which I want to use are registered in the UK organic seed database															
b	The seed supplier is unable to deliver the seed or seed potatoes before sowing or planting despite ordering the seed or seed potatoes in reasonable time.															
c	The variety which I want to use is not registered in the database and I can demonstrate that none of the registered alternatives of the same species are appropriate for my production (you will need to indicate the reason they are not appropriate)															
d1	For research purposes															
d2	To test in small-scale field trials															
d3	For variety conservation purposes															
e	The seed is part of a grass or forage mix containing at least 70% organic seeds.
